MESSAGE FROM THE EXECUTIVE DIRECTOR

I am pleased to share with you the fourth Annual Progress Report of Sindh Village Development Program (SVDP) for the year 2022-2023. We initiated some new interventions during the reporting year. We have established a Model Fruit Farm near the Village Bajara wherein about 1000 fruit plants of different varieties have been planted. The core purpose of the intervention is to introduce and promote sustainable and modern agricultural trends in the area, and share our best and successful practices with the growers of the area.

Another new initiative was fish farming which was a pilot intervention. The purpose was to experiment how and which species of fishes could survive in local groundwater affected by the containment water of Manchhar Lake.

Like the role it played during COVID-19, SVDP tried its best to respond to the flood emergency in the year 2022. When Manchhar Lake was passing through the heavy flood and water submerged most of the areas of Union Councils Bajara and Jhangara, SVDP played its outstanding role in terms of providing cooked food to the flood affected people, distributed ration, hygiene kits, nutritional items, setup medical camp and provided health facilities to the flood affected people.

With regard to the Health and Hygiene component of Bajara Village Development Project (BVDP), SVDP has joined hands with the Natha Foundation regarding eye treatment diseases. In that connection, 57 people were screened at Shah Bibi Health Center Sehwan. Of the total patients attending the camp, 10 were operated while 32 were given medicine and vision glasses. Apart from this, three medical camps were organized in Bajara, benefited hundreds of people.

Keeping in consideration the increasing number of college-going girls' students, another school van was bought for the pick and drop of the students from Village Bajara to Government Girls Degree College Sehwan. In regard to other educational activities, coaching classes of English, Mathematics and Science are successfully being run in the village. Further, poorer girls and boys students were provided uniforms, shoes and stationary. In addition, a new building of Abdul Yaqeen School of Excellence was constructed in the reporting period.

Govt. Boys Primary School Gachero Old, Taluka Moro in collaboration with SVDP organized a Junior Science Fair which was inaugurated by Dr. Aijaz Turk.

Since its inception in 2020, SVDP established a Plant Nursery in the Village Bajara which provides plants to the people

freely. The aim of this initiative is to protect the environment through tree plantation. More than 80 plants were given to people during the reported year.

Awareness raising is a key component of BVDP. In that respect, four awareness events were organized on different topics. Besides, a delegate of students of Bajara along with the SVDP staff visited Village Gachero Old and participated in different activities. The purpose of the event was to learn from the experiences of the people of other villages.

In conclusion, we are very much thankful to Dr. Aijaz Hussain Turk for his continuous financial assistance. We are also grateful to the Board of Directors and our dedicated team for their sincere efforts to make everything possible.

Muhammad Ibrahim (Mehran Mallah)
Executive Director

EDUCATION & LEARNING

Appreciating the Students of Free Tuition Center, Prizes Distributed

Sindh Village Development Program (SVDP) is running free tuition classes in village Bajara under the umbrella of Manchar Academy of Students' Empowerment (MASE). In order to appreciate the students, separate events were organized for the girls and the boys on 14 August 2022. The chief guest of the events was Dr. Aijaz Hussain Turk, Head of Advisory Board SVDP and a senior SANA member. SVDP's Chairperson, Mr. Ali Gohar Turk also attended the event. Awards were distributed among 16 students. The events were attended by parents, teachers and the community

members. It is noteworthy that 70 boys and girls of different classes learned English and Math subjects in the tuition classes during the reported period.

Free Tuition Classes on English, Math, Science and Computer Subjects

Sindh Village Development Program (SVDP) is running free tuition classes in village Bajara under the umbrella of Manchar Academy of Students' Empowerment (MASE). In this regard, English, Math, Science and Computer classes are being run under the supervision of qualified teachers.

Lab experiment on Frog Dissection and Blood Grouping in GBHS Gachero near Moro

Sindh Village Development Program (SVDP) has established a Science Lab in Government Boys High School Village Gachero Old, Taluka Moro where science experiments are conducted on regular basis. Experiments on Frog Dissection and on blood grouping were carried out in October and December 2022 in the lab. The experiments were led by the science teacher Mr. Waqar Bughio.

Donated Furniture and Solar Panels to Government School Golara near Manjhand

Govt. Lower Secondary School Golara of Taluka Manjhand lacks the basic facilities. Sindh Village Development Program (SVDP) donated 60 students' chairs to the school on 22 October 2022. Moreover, financial support was also provided to the school for installing the solar panels.

Learning by nature: A Trip for the AYT School Kids

Sindh Village Development Program (SVDP) has established a school in village Bajara entitled "Abdul Yaqeen Turk School of Excellence". The management of the school arranged a trip for the kids of the school on 26 December 2022. They visited Museum, Fun land and Lal Bagh in Sehwan. The students were also served lunch by Sindh Village Development Program (SVDP). It is noted that AYT School is an Initiative of the SVDP established at Village Bajara.

External Assessment of the Students

External assessment of the Nursery class students of Abdul Yaqeen Turk School of Excellence Village Bajara was conducted on 05 February 2023. A team of senior teachers of Kindergarten level took part in the assessment.

One Day Training Workshop on Early Childhood Education in Moro

Abdul Yaqeen Turk School of Excellence organized a one-day training workshop for the teachers on 28 May, 2023 at Moro, District Naushahro Feroze. The theme of the event was Early Childhood Education (ECE) which was attended by 11 females including the teachers of AYT School. The workshop was led by Madam Kaneez Sakina and Mrs. Asma Faheem, senior resource persons with extensive experience in the field of pre-schooling education. In the end, certificates were distributed among the participants.

Construction of a new School Building Completed

The construction of a new building of Abdul Yaqeen Turk School of Excellence village Bajara was completed in January 2023 after the school was severely damaged in the heavy rains.

Solar System donated to a Govt. Primary School near Moro

Sindh Village Development Program (SVDP) in collaboration with Gachero Old Association for Healthy Environment and Development (GO AHEAD) has decided to convert the Government Boys Primary School Village Gachero Old, Taluka Moro into a model school. In this regard, after signing a MoU, the School Improvement Plan was developed accordingly. At first, solar system was installed in end of April 2023 in the school.

Junior Science Fair near Moro, Inaugurated by Dr. Aijaz Turk

Govt Boys Primary School Gachero Old in collaboration with Sindh Village Development Program (SVDP) and GOAHEAD organization arranged a Second Junior Science Fair inaugurated by Dr. Aijaz Hussain Turk, a senior member of SANA and head of SVDP Advisory Board on 22 February 2023. The purpose of the event was to highlight the importance of science and impart understanding of Science to the students of primary classes. More than 40 models based on the curriculum were presented in the fair by the kids.

Dr. Turk was awarded shield of honor, appreciation certificate and cultural presents on the occasion. Prior to this, he visited Government Boys High School Gachero Old where he participated in different activities, visited science and computer labs and library. He also planted some trees. The teaching faculty, social workers and GO AHEAD volunteers were available on the occasion.

Supporting the Poor Students

SVDP always supports students who cannot afford their educational expenses. In this regard, the organization has borne six month coaching fee and accommodation expenses of two students for medical test preparation at Hyderabad. Moreover, two university students are being supported in terms of semester fee since two years. On the other hand, books, bags, shoes, uniforms and stationary were given to four poor girls and boys students of First year and Second year classes. Moreover, uniforms, course books, bags and stationary were given to three poor students of AYT School during the reported period. Besides, a laptop was awarded to a student studying in Sindh University.

A Step Ahead: Another Vehicle Provided to Girls Students for their Pick and Drop

After increasing the number of college going girls students, another vehicle (Suzuki) has been provided for their pick and drop service from the village Bajara to Sehwan town in January 2023. It is noteworthy that two other vehicles are already engaged in pick and drop of the girls' students. It is to note that it is a free of cost facility being provided to the poor girls' students.

HEALTH, HYGIENE & NUTRITION

57 Eye Patients of Bajara were Screened, 10 Operated and 32 were Given Vision Glasses

Sindh Village Development Program (SVDP) believes in collaboration, coordination and networking. In this way, SVDP has joined hands with Shah Bibi Healthcare Center of Natha Shah Foundation in Sehwan for the treatment of eye patients. In December 2022, 13 eye patients (3 male and 10 female) of the village Bajara and suburbs were screened. Three patients were diagnosed for operation while others were recommended sight glasses and medicine. One critical case was referred to Karachi for surgery.

Five eye patients (2 male and 2 female) of the village Bajara and surroundings were

operated on 4th May, 2023. Further, they were given sunglasses and drops.

Besides, 12 new eye patients including children and women from the village Bajara and adjoining areas were screened on 26 March 2023. Two patients were diagnosed for surgery while others were given vision glasses and medicines. Prior, 10 other patients were brought to the center for follow-up checkup after the surgery while others were suggested for vision glasses and two were diagnosed for surgery.

Further, five eye patients (3 male and 2 female) from the village Bajara and suburbs were operated on 5th March 2023. Besides, they were given sunglasses and drops.

Moreover, 22 eye patients (8 children and 14 female) from the village Bajara and suburbs were screened on 28th February 2023. Ten women and Two children out of the total patients were given vision glasses while two girls were referred for advanced treatment and others were given medicine. It is noteworthy that SVDP provides transport facility to the patients.

Anti-mosquito Fog Sprayed to Prevent the Spread of Malaria in Bajara

After flooding in Manchar Lake, an anti-mosquito fogging campaign was started by Sindh Village Development Program (SVDP) in Bajara and nearby villages in October 2022. A SVDP team went to every nook and corner of the area and sprayed anti-mosquito fog through a fogging machine.

Free Medical Camp at Bajara, Patients Examined and Kits Distributed

Sindh Village Development Program (SVDP) in collaboration with an INGO organized a free medical camp at village Bajara on 5th June, 2023 in which 216 male and female patients were examined and given medicine. Moreover, delivery kits and mosquito nets were distributed among the needy patients.

Free Eye Screening camp in Bajara, Patients Received Medicine and Glasses

Sindh Village Development Program (SVDP) in collaboration with Natha Foundation and Shah Bibi Health Care Trust, Sehwan organized an Eye Screening Camp on 19 February 2023 at the village Bajara wherein 115 people were screened and given medicine and sight glasses. Further, 15 cases were referred for advanced treatment while nine cases were diagnosed for operation.

ALTERNATIVE & SUSTAINABLE LIVELIHOOD OPTIONS

A Step towards Sustainable Agriculture: SVDP Developed a Model Fruit Farm, Completed Plantation

One of the main objectives of Sindh Village Development Program is to create models in Sindh. In this regard, a Model Fruit Farm has been developed on eight acres of land that has been provided by the Turk family. In this connection, after the construction of large size overhead and ground water tanks, the work on a pipeline consisting of 2500 feet distance also completed in December 2022. Afterwards, 960 fruit plants of 12 kinds were planted in the first half of March 2023. The core purpose of the intervention is to introduce and promote sustainable and modern agricultural trends in the area.

Training Workshop on Operating Over-lock and Pico Machines

Sindh Village Development Program (SVDP) has established Marvi Vocational and Training Center in the village Bajara with a purpose of empowering and enhancing the skills of rural women. In this regard, a three-day training workshop on operating Over-lock and Pico Machines was organized on 28 November 2022 at the vocational center wherein 10 women participated. Mr. Bashir Ahmed was the resource person of the event who possesses extensive experience in the field.

A Step towards Sustainable Livelihoods Options: A Pilot Initiative for Fish Farming

Creating sustainable and alternative livelihood options is one of other main objectives of Sindh Village Development Program. In this regard, a pilot initiative of fish farming was started in April 2023 near the village Bajara, Taluka Sehwan. Initially, a very small number of fish was dispersed in a water pond. After achieving success, the initiative will be implemented at a larger scale.

Promoting Rural Artisans' Work: Women of Bajara Set-up a Stall at the Festival of Qalandar Shahbaz

After setting up a stall at the Hyderabad Literature Festival, Marvi Vocational & Training Center Bajara setup a garment stall in Sindh Craft Museum on 13 March 2023 at the festival of Qalandar Lal Shahbaz in Sehwan. Different works by the rural women including Reli, Gajj, Embroidery, Cultural dresses, Showpieces etc. were displayed in the stall by the female team of SVDP. Large number of the people visited the first women's stall at the festival and praised the efforts of the women of the village Bajara.

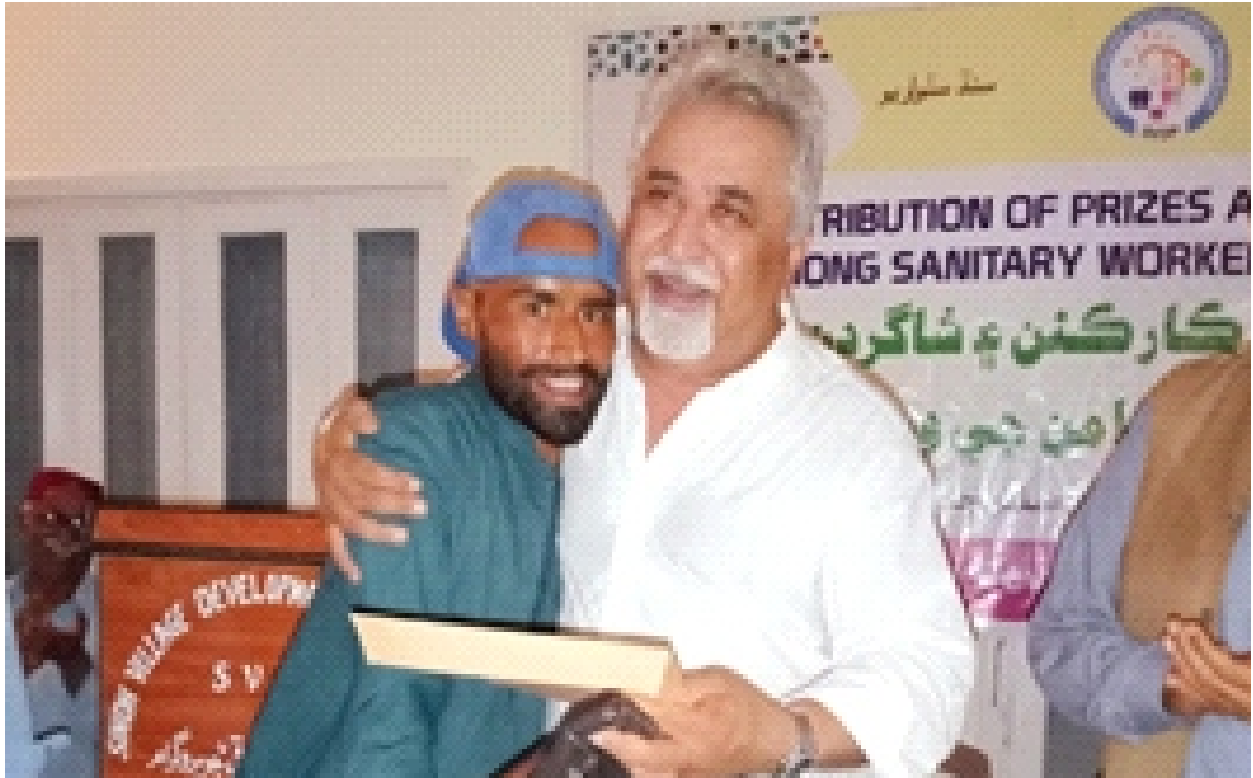

ENVIRONMENTAL PROTECTION AND CLIMATE RISK MANAGEMENT

Promoting Tree Plantation: 80 Plants Given to Villagers Freely

Sindh Village Development Programs established a Plant Nursery at village Bajara, Taluka Sehwan three years ago with the purpose to promoting tree plantation culture. Plants are grown and free given to the people of Bajara and other villages. More than 80 plants of different species were given to people during the reported period.

WATER & SANITATION

Appreciating the Sanitary Workers of Bajara, Prizes and Certificates Distributed

Water and Sanitation is a key component of Bajara Village Development Project (BVDP). In this respect, garbage-bins have been fixed in the village that are regularly cleaned by the sanitary workers of Union Council. In the said context, SVDP organized an event to recognize and appreciate the efforts of the sanitary workers on 14 August 2020 at the village Bajara. Senior SANA member Dr. Aijaz Hussain Turk distributed Appreciation Certificates and prizes among the eight sanitary workers. People from different walks of life participated in the event.

INFORMATION & KNOWLEDGE

An Awareness Raising Lecture for Women in Village Bajara

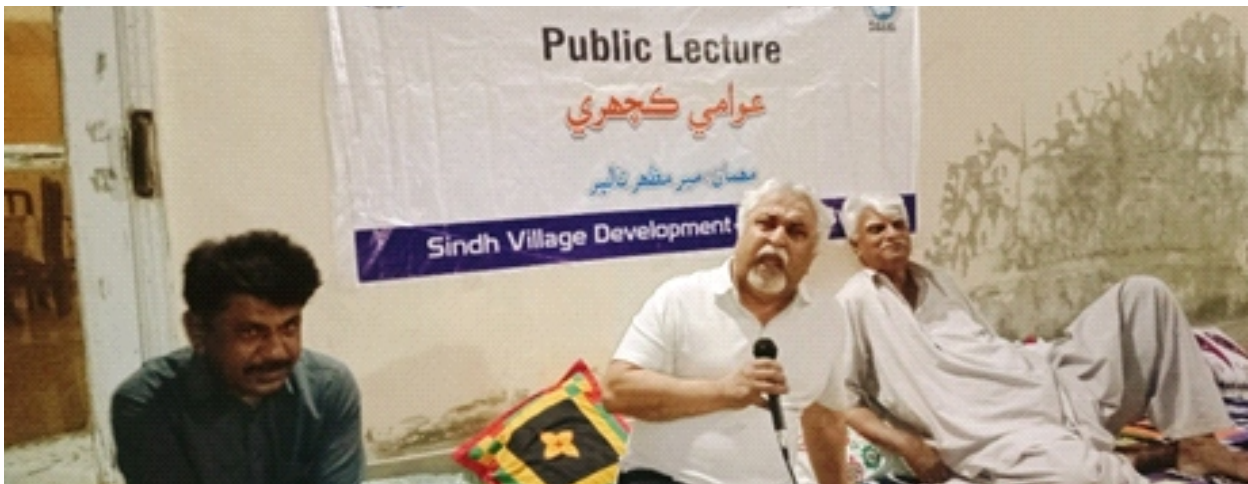

Sindh Village Development Program (SVDP) organized an awareness raising lecture for women on 24 December 2022 at Village Bajara, Taluka Sehwan. The resource person for the event was Ms. Farzana Buriro who has extensive experience in the field of community mobilization. Large number of women attended the event.

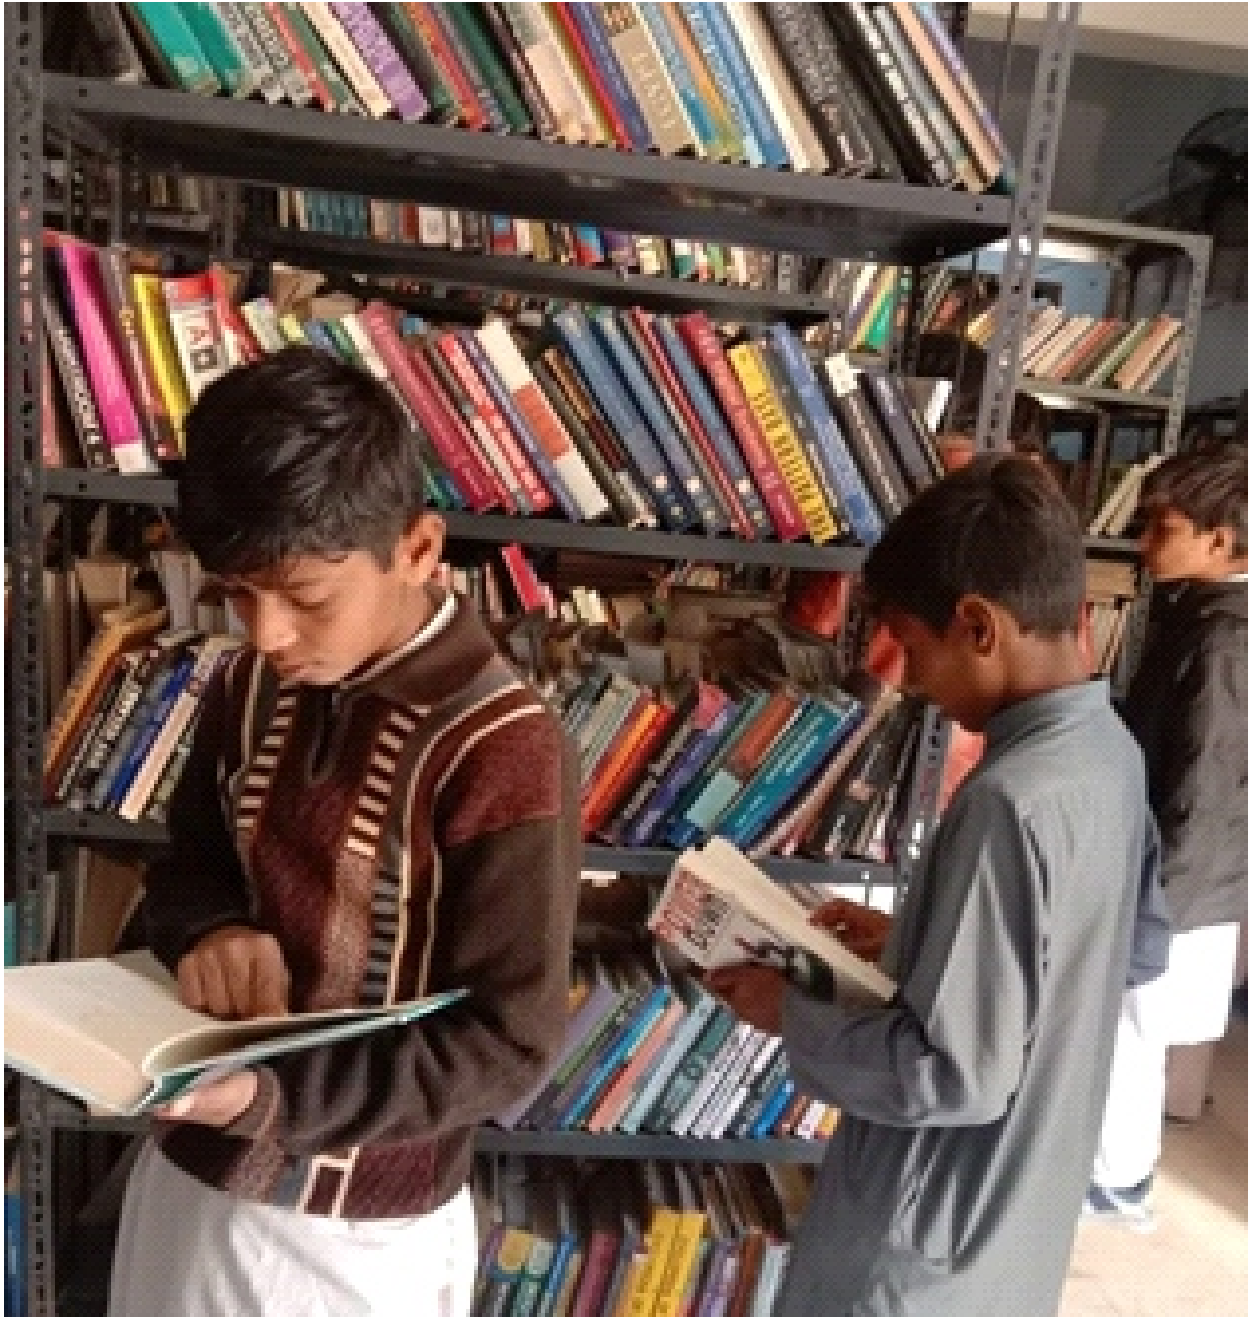

Session on Online Livelihood Opportunities: Trends and Skills

Technology is a great resource to empower the marginalized people. Taking into account the fact, Sindh Village Development Program (SVDP) organized sessions on “Online Livelihood opportunities: Trends and Skills” for youth on 24 December 2022 at Village Bajara, Taluka Sehwan. Mr. Raza Babar delivered the lectures followed by the discussion. Questions were asked and discussed at the event.

Public Dialogue in Bajara, Mir Mazher Talpur Led the Discussion

Sindh Village Development Program (SVDP) organized a public dialogue event on 22 February 2020 at Village Bajara, Taluka Sehwan which was attended by a large number of male and female participants. The event was made interactive by asking questions, sharing views and giving comments. Prior to this, Dr. Aijaz Hussain Turk, SVDP Advisor and Senior SANA member welcomed the participants and shared his views about the importance of dialogue, discussion and diversity of views and opinions.

Creating Reading Habits: Students of the Free Tuition Center Visited Library

Free Tuition Center is being run by Sindh Village Development Program (SVDP) in the village Bajara since 2020. In regard to creating reading habits among the students of the Center, a visit to the public library Sehwan was arranged on 13 January 2023. The students also visited the Folk Craft Museum led by the teachers of the Tuition Center.

MEETINGS & VISITS

ED SVDP Visited Schools in Village Gachero Old, Meetings with Stakeholders and Volunteers

Executive Director Sindh Village Development Program (SVDP) Mehran Mallah visited the village Gachero Old Taluka Moro, and held meetings with the heads of the three schools on December 8, 2022. Further, he participated in a meeting of Gachero Old Association for Healthy Environment and Development (GO AHEAD). The purpose of the events was to strengthen the working relationship with local volunteers as well as the stakeholders regarding the development endeavors being undertaken in the village.

Inter-Villages Learning Initiative: Attended a Session and Meetings

The team of Sindh Village Development Program and students of Bajara visited the village Gachero Old Taluka Moro on 18 March 2023. The purpose of the event was to learn the best practices and experiences from the other villages. The delegate consisted of 19 girls and boys students of different classes and team members of the organization. They visited the Computer lab, Book library and a Science lab at Government Boys High School that has been donated by the SVDP. Further, they participated in a motivational lecture delivered by Dr. Ghulam Sarwar Bughio. Afterward, the delegate attended an activity in the Science lab led by Mr. Waqar Ahmed Bughio. Besides, the female team participated in three meetings of the artisans organized by the Gachero Old Association for Health Environment and Development (GO AHEAD). Moreover, the students visited the entire the village and important sights.

FLOOD EMERGENCY RESPONSE 2022

Cooked Food Provided to 15 Flood Affected Families in Bajara

Many families living in Manchar Lake were displaced and shifted to Village Bajara after flooding in the lake in August 2022. SVDP provided shelter to 15 flood affected families at the Ottaq of Mr. Aftab Turk on 24 August 2022 and served them cooked food for more than a month regularly. Moreover, common medicines and nutrition items were also provided to them. Further, two patients of the camp named Aarab alias Karo Mallah and Ghulam Hussain Mallah were admitted to Sehwan Hospital. They were suffering from stomach issues. Moreover, the SVDP team distributed common medicines among the flood affected people.

A Free Medical Camp at Bajara, 426 Patients Benefited

Sindh Village Development Program (SVDP) in collaboration with NICVD Sehwan organized a free general medical camp at village Bajara on 29 August wherein 426 flood affected patients including women and children were checked-up and given medicine. The patients were brought by boats from flood affected areas of the Manchar Lake.

Ration Bags Distributed among 100 Flood Affected Families

SVDP continuously supported flood affected people in Union Council Bajara, Taluka Sehwan. In this regard, 100 Ration Bags were distributed among the flood affected families of Dang Waah, Band Juho and Inayatullah Mallah villages of Manchar Lake at their doorsteps on 15 September. Their houses were inundated and they were forced to live in the open sky. The Ration bags donated by a Shaikh Family of Hyderabad which consisted of Flour 10 kg (Aata), Sugar 2 kg, Oil 2 kg, Rice 2 kg, Daal Moong 1 kg, Daal Masoor 1 kg, Daal Channa 1 kg, Tea 250 grams, Chilli, Salt and a Soap.

Hygiene Kits Distributed among 250 Flood Affected Families

The situation regarding hygiene in flood-affected camps was worsened during the flooding. Considering the reality, SVDP provided health, hygiene and nutrition support to the flood affected people in Union Council Bajara, Taluka Sehwan on 16 September. In this respect, 250 Hygiene Kits were distributed among the people living in more than six relief camps beside Manchar Lake. The Hygiene Kits consisted of a Jharoo, three types of five soaps, washing powder, a mosquito coil packet, tooth powder and a nail clipper. SVDP is thankful to Mr. Imran Turk and his friends for their financial assistance in that regard.

Nutrition Kits Distributed among 250 Flood Affected Families

Keeping in account the worsening nutritional situation in the flood affected camps, SVDP provided health, hygiene and nutrition support to the flood affected people in Union Council Bajara on 18 September. In that respect, 250 Nutrition Kits were distributed among the people living in more than six relief camps beside Manchar Lake. The Nutrition Kits consisted of Cerelac, Milk, Biscuits, Gripe Water and packer's Wheat Food. Thanks to Mr. Imran Turk and his friends for their financial assistance in that regard.

400 Patients examined and Given Free Medicines in Camps near Manchar Lake

State of health issues in flood affected camps was worsening during the flood in Manchar Lake. Keeping in consideration this situation, SVDP provided health, hygiene and nutrition support to the flood affected people in Union Council Bajara on September 23, 2022. In that regard, more than 400 patients of six relief camps beside the Manchar Lake were given free medicines recommended by a team of doctors. The First Aid Team examined the infected people, checked their blood pressure and sugar and gave them common medicine. Thanks to Mr. Imran Turk and his friends and Mr. Asim Turk for their financial assistance in the above context.
